DETAILED ACTION

Response to Arguments

1. It is noted that the 112 rejections provided in paragraphs #1 & 2 of Office Action dated 4/5/02, Paper No. 8, are moot in view of the Amendment filed on 9/5/02, Paper No. 10.
2. It is noted that all rejections provided in the Office Action dated 4/5/02, Paper No. 8, are hereby maintained. Furthermore, Applicant is respectfully requested to review the Office Action of Paper No. 8 as the rejections are not physically incorporated in this Office Action for simplicity.
3. Applicant's arguments filed 9/5/02 have been fully considered but they are not persuasive. For instance, in response to applicant's argument that reference Adachi does not disclose connecting a work piece to a core material in a form-fitting manner by means of cold-extrusion or hot-extrusion of the work piece, the examiner disagreed. As disclosed in Figures 6-10 and lines 30-65 of col. 7, Adachi teaches the method of connecting a work piece (42) to a core material (46, 67) in a form-fitting manner by means of hot extrusion. Further noted that the purpose of connecting the core material to the work piece, as disclosed in the reference Adachi, is to increase the wear resistance of the work piece which is the exact purpose sought after by Applicant's claimed invention (see lines 10-35 of col. 1).
4. In response to Applicant's arguments as directed to claims 4-13, and 15, it is noted that the 103 rejections provided in paragraphs #5 & 6 stand. Since the reference Adachi does disclose all the limitations of the independent claim 1, the various design

limitations in the dependent claims would have been obvious to one of ordinary skill in the art.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
